Christopher Albanese | *Front End Developer*

Christopher@CafeRE.com   *Orlando, FL*   *m: 212.203.1091*

Professional Summary

With extensive experience in business development, marketing and education, Chris brings a deep understanding that code flows from keyboards to customers, and how the requirements of the business and its stakeholders ultimately need to intersect with the needs of the client. This fuels his appreciation for user-driven development.

Technical Skills

Front End: JavaScript (ES6), HTML, CSS, SASS (SCSS), JSX, Swift, Markdown, Wordpress, jQuery, Bootstrap, Emotion JS.

Back End: Express, Mongo DB, Node JS, Mongoose
